PRODUCT CARD

SILICONE EDGE GRAPHIICS

Seamless fabric graphics with a refined, premium finish.

DESCRIPTION

Silicone Edge Graphics use a sewn silicone strip to tension printed fabric into an aluminum frame. The result is a smooth, edge-to-edge presentation that is lightweight, changeable, and available in illuminated or non-illuminated systems.

APPLICATIONS

- Retail Stores
- Trade Shows
- Corporate Environments
- Museums & Exhibits
- Hospitality
- Showrooms
- Events

BENEFITS

Seamless Finish
Create a smooth edge-to-edge image

Easy Changeover
Replace fabric graphics quickly

Lightweight
Ship and handle efficiently

Illuminated Options
Add even LED impact
